The weather Sunday and yesterday ceased to be warm. It was hot.

Secretary Baker has approved the prison sentences of a number of men who had conscientious objections against fighting against Germany and Austria. The Secretary said after the war is over he favored sending them back to the countries of their preferences.

FOLLOWING THE FLAG

Judge Jno. L. Dorsey, of Henderson, has two sons in the service. One is an ensign in the navy and the other goes to Camp Taylor this week.

Mrs. F. P. Thomas received a cablegram last evening announcing the safe arrival of her husband, Capt. F. P. Thomas, M. R. C., in England.

Mrs. Geo. Wilson, of Gracey, has received a card from her son, Albert Wilson, stating that he has arrived safe in France. He is a private 1st class, and is a member of the 10th Field Artillery, Medical Department.

Sgt. Charles D. Shanklin arrived in Hopkinsville Saturday night from Camp Taylor for a very brief visit to relatives and friends. He returned to Louisville Sunday night over the Illinois Central.

Eldridge Marquess of the Dogwood vicinity and Turner Lane Cline, of the extreme northwestern portion of the county, have enlisted in the Navy. Both these young men registered on June 5 under the new draft.

Maj. Napoleon W. Riley, of the Quartermaster's Division, Ft. Dodge, Iowa, is on an inspection tour of the cantonments in the east and writes his father, Capt. J. W. Riley, that he will make him a short visit the latter part of the month.

Sgt. Martin S. Underhill, formerly with the Bowles' Studio here, but now with the Quartermaster Corps, remount service, at Camp Shelby is in the city for a few days. He got a 25 day furlough recently in order that he might attend his brother's funeral in Tennessee and visit relatives in this section.

Mrs. Randolph Dade received a letter Saturday from her husband, Capt. Dade, that he had arrived safe overseas. Capt. Dade joined the Medical Corps a few months ago and was sent to Ft. Oglethorpe for a short course of training but remained there only a short time before being sent to Newport News, an embarkation port.

All the change money left in two cash registers was taken—\$40 from the one in the front or white department and \$10 from the register in the colored department. These were opened in the usual way and all the money taken. The thief made his escape leaving no clue as to his identity.

FIGHT FOLLOWS SUNDAY CAME

BELIEVED TO BE FATAL

R. M. ISOM'S VICTIM SAYS THE SHOOTING WAS UNPROVOKED.

FARMERS QUARREL OVER A CARD GAME AND ONE SHOOTS THE OTHER.

HOPES OF A BANNER CROP HAVE TAKEN A SEVERE TUMBLE.

Two young farmers from north Christian fell out over a game of cards they were playing at the Owls Club room, Sunday afternoon, about 4 o'clock, and R. M. Isom shot Peter Renshaw in the bowels with a pistol, inflicting a deperate wound. Only one bullet hit Renshaw but it made five perforations in his intestines. He was hurried to the Stuart Hospital and an operation was performed in the effort to save his life.

Yesterday after stating that he believed he was going to die, Renshaw said the shooting was absolutely unprovoked.

Another man was at the table with Isom and Renshaw, but he has made no statement. Isom claims that he acted in self defense. He gave himself up and his bond was fixed at \$1,000.

In the event of Renshaw's death, the charge will be changed to murder.

Tom C. Jones has the same complaint of small yield concealed in straw. In fact the report from every section voices the same refrain.

What there is of the grain is expected to be fine, but there is not enough of it. Threshing is about ready to begin when the real facts will be disclosed.

Mr. L. H. Davis, owner of the Princess Theatre building, which burned June 10, authorized the statement that all adjustments with insurance companies carrying insurance on the building have been made and plans are now underway to rebuild.

Mr. L. H. Davis, owner of the Princess Theatre building, which

burned June 10, authorized the statement that all adjustments with insurance companies carrying insurance on the building have been made and plans are now underway to rebuild.

Yesterday afternoon the work of cleaning away the wreckage began and by tonight this work will probably be almost complete. As soon as the wreckage is cleaned sufficiently bids for rebuilding will be asked for and the contract let if terms are agreed upon.

The details for the rebuilding and interior construction and decorations have not been definitely decided upon but Mr. Davis has some tentative plans in mind and will talk these over with the managers of the Crescent Amusement Co., when he arrives one day this week.

Patrons of the Princess man re-assured that when it is rebuilt it will be prettier and more modern in its appointments than heretofore.

Last night Renshaw was considered in a hopeless condition.

CRAWFORD-TOW-WATER.

Mr. Clay E. Crawford, of Muskogee, Okla., and Miss Maggie Tow-Water, of Jackson, Tenn., applied for a marriage license Saturday afternoon late and were married by Judge Champlin. Crawford is a traveling salesman and gave his age as 29. He was born in Manchester, Ky. Both parties had been married before.

GAS SHELLS FOR AMERICAN TROOPS

TURNING AGAIN AFTER SEVERAL DAYS ADJOURNMENT FOR THE HARVEST SEASON.

Juries were called together yesterday after an adjournment of several days to allow the farmers to harvest their wheat and hay crops. The grand jury will investigate several matters and there are several cases to be tried by the petit jury. The first of these is the DeBow murder trial which is already being tried and will probably be finished today.

The petit jury is made up practically new and is as follows:

L. F. Colley, N. G. Owen, G. T.

Herndon, W. D. Ennis, R. M. Anderson,

Will Wade, J. C. Johnson, N.

A. Barnett, J. J. Bowen, G. C. Croft,

J. A. Witty, James D. Smith, J. T.

Walker, E. G. Cornelius, Will Henderson,

Gus Breathitt, Jim Yancey,

J. A. Everett, P. C. Carter, J. S.

Fritz, J. E. Cliborne, Mack Witty

and Charles Gates.

These gas shells for the Americans are being stored close to the front in France. To prevent enemy airmen spotting them or the weather damaging them, the shells are kept in a well-protected and covered dump.

WHEAT CROP DISAPPOINTS

MANY EMPTY MESSES

THE BOUQUET HOPES OF A BANNER CROP HAVE TAKEN A SEVERE TUMBLE.

The buoyant hopes of the farmers that the wheat crop now about harvested would be a record crop, have gone glimmering.

From every part of Christian and adjoining counties comes the complaint that there is a tremendous crop of straw and a very poor yield of grain. Many of the heads are more than half false grains and empty meshes.

Capt. J. W. Riley, of Newstead, who was counting on 20 bushels to the acre, says he will not make more than seven.

John J. Van Cieve says his crop near town is a grievous disappointment.

Baynham & Tandy, at Edogoton, say they will not make more than half a crop.

J. T. Garnett, of Casky, says his crop is far below the first estimate.

Tom C. Jones has the same complaint of small yield concealed in straw.

In fact the report from every section voices the same refrain.

What there is of the grain is expected to be fine, but there is not enough of it. Threshing is about ready to begin when the real facts will be disclosed.

WOKER-THOMPSON.

Clifton Green Woker and Miss Edith Rae Thompson were married at 7 o'clock yesterday afternoon in the parlors of Hotel Latham, Dr. C. M. Thompson performing the marriage ceremony. The groom is a sergeant in the U. S. Army, Medical Department, and stationed at Ft. Riley, Kan. The bride is a popular and attractive young lady and is a niece of Mrs. H. A. Thacker, whose husband is connected with the Western State Hospital. The young couple left the Hotel immediately following the ceremony and left Hopkinsville on the Dixie Flyer.

Mr. and Mrs. Bailey Waller returned last night from a visit to Mrs. Herndon Waller at Georgetown where they went after attending the Undertaker's Convention in Louisville last week.

Orders taken for Victoria and Records HARDWICK.

OUR SERVICE FLAG

ITALIAN OFFENSIVE.

The much talked of Austro-German drive in Italy was launched Sun-
day morning.

The Italian and allied armies are
bravely sustaining the weight of the
Austrian forces which are attacking
along the front of the Italian theater
from the northwest of the Asiago
plateau eastward to the Piave river
and thence along that stream to
where it joins the headwaters of the
Adriatic sea, a front of nearly 100
miles.

Everywhere the fighting is of an
extremely sanguinary character, es-
pecially east of the Asiago plateau
in the Brenta valley and Monte
Grappa.

In the initial struggle the enemy
succeeded in capturing several front
line position in the mountain region
from the British and also in crossing
the Piave. Counter-attacks, how-
ever, have restored all the positions
in the mountain including territory
to a depth of 1,000 yards along a
2,500-yard front captured from the
British.

At last accounts the allied troops
everywhere were strongly holding
the enemy and King Victor Emmanuel's
men were gallantly striving to
throw back the invaders across the
Piave. The Italians have taken more
than 3,000 Austrian prisoners, among
them eighty-nine officers.

As yet the Vienna war office has
given only brief mention of the bat-
tle, saying that the Austrian armies
had invaded the Sette Comuni
plateau, lying at an altitude of 3,-
400 feet northwest of Asiago, and
that up to noon Sunday morning more
than 10,000 Italian, English and
French soldiers and a considerable
number of guns had been captured.

Nicaragua experienced three dis-
tinct earthquakes shocks Sunday.

The school for artillery officers
will open at Camp Taylor June 20.

Sunday was the hottest day of the
year, the mercury hovering around
100 degrees.

In many sections farmers worked
in their harvest fields Sunday, aid-
ed by volunteers from the cities.

There are 17 national parks in
the United States, containing in the
aggregate 6,254,568 acres. This
does not include 35 national monu-
ments.

Dr. Francis S. Nash, medical di-
rector in the navy, was fined \$1,000
on a charge of hoarding foodstuffs.
An identical charge against his wife
was dismissed.

Dr. Charles Lopez Buslammatt,
editor of a paper in Caracas, Venezuela,
is in this country and broad-
ly hints that German U-boats have
bases in Venezuela. He says while
the people are for the allies, the
Government is strongly pro-German.
He left because of the attitude of
the paper.

Americans have now taken over
the sector next to Switzerland, in
Alsace. It is on what was German
soil in 1914. Thousands of moun-
taineers gave the Americans a royal
welcome as they moved in toward
the line the third week in May. They
were the first Americans to appear
in this mountainous country and
consequently the villagers came
pouring out to the line along the
dusty roads, winding in and out of
the mountains. The villagers cheered
the Americans and showered wild
flowers on them as they passed.

Germany's sea wolves have sunk
two more neutral vessels in Amer-
ican waters. The latest victims of
the raiders, which first made their
appearance off the Atlantic coast
some three weeks ago, are the sail-
ing ship Kringsja and the bark
Samoa, both Norwegian. The crew
of the former has been picked up
by an American warship which is
bringing them to an Atlantic port
and that of the latter was landed at
Norfolk.

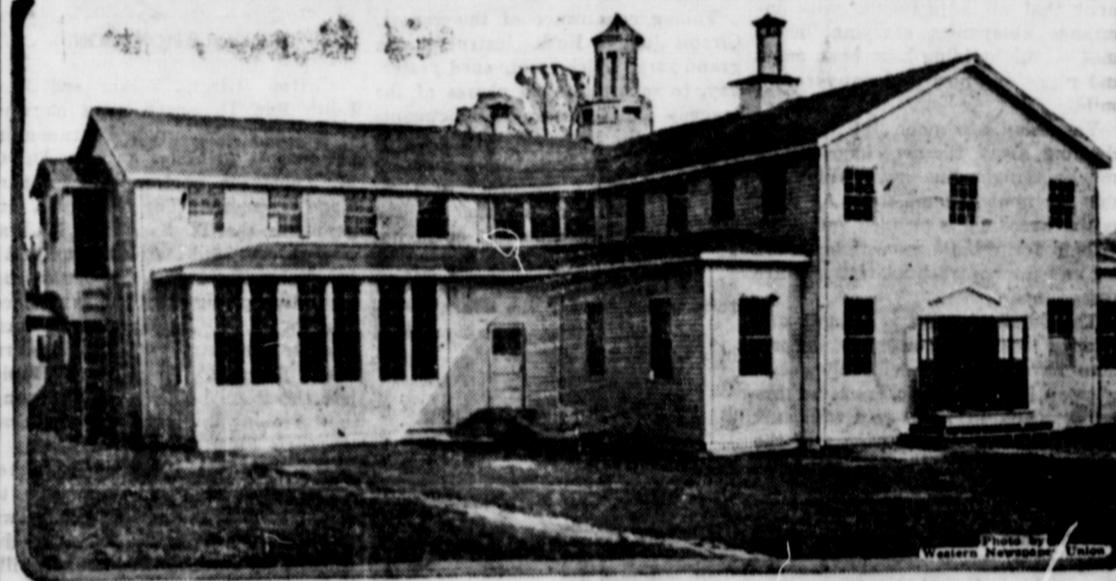

Both vessels were sent down 90
miles off the Virginia coast. The
Samoa was sunk by shell fire at 8
o'clock Friday morning, the navy
department announced. The manner of
the sinking of the Kringsja has
not been reported.

NO CHANCE FOR HIM THERE

Good Reason Why British Soldier Was
Not Overenthusiastic at First
Sight of Jerusalem.

One of General Allenby's advance
patrols had ridden up a ridge in Pal-
estine, and there, outspread before
their eyes like a panorama, was the
Holy City—Jerusalem.

It was some miles distant, but in
the clear air the flat-roofed houses
were plainly visible, broken here and
there by domes and minarets.

Ejaculations expressive of sur-
prised admiration broke from the lips
of the troopers—all but one man,
who remained silent; his face, how-
ever, plainly expressing contemptuous
disapproval.

"What do you think of it?" asked
his officer, curious to learn the rea-
son for his dissatisfaction.

"Awful" scarce of chimneys, sir,"
was the reply. "Awful" scarce of
chimneys!"

"Chimneys! But man, they don't
need chimneys in Jerusalem. They
burn charcoal."

"Oh, they do, do they? Then I
wouldn't like to live there."

"Why not?"
"Well, sir, in civil life, you see,
you always have the privilege of choosing."

THERE'S A REASON.

The long chimney creates a draft, furnishes the
flame with enough air for perfect, clean combustion

result cannot be obtained from oil burners, having

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck from the awful suffering in my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . . .

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

WIN WAR IN KITCHEN

New Slogan of the People of Great Britain.

Bones Saved by the Housewives Are Turned Into Munitions of War.

London—Save that old bone; it may kill a German.

This is the thought that flashes through the mind of the English housewife these days following an appeal made to her to conserve all the old bones from the kitchen, that they may be used in the manufacture of glycerin and then incorporated into bombs and shells for the army in France. The movement has the approval of the minister of munitions.

The appeal to the housewife says that bones will produce glycerin, which yields glycerin for explosives; glue for the making of airplanes and bone meal, a fertilizer which increases food crops and thus aids in the battle against the German submarines.

For the bones which were formerly thrown away or burned the housewife will receive one cent a pound from her butcher or margarine dealer, who in turn will receive a profit of one cent a pound in turning them over to the general collector, to whom a fair profit it also is allowed.

From the enthusiastic response from the women of England it begins to look as if the plan to "Win the war in the kitchen" will prove popular with those unable to go to the front or otherwise offer their services to the government.

Dead Murderer's Hand.

The most ghastly of all talismans or charms was the "Dead Man's Candle" or "Hand of Glory." Sir Walter Scott, in "The Antiquary," describes it, "in the mouth of Donsterwivel, as a hand cut off & then hanged for murder. It was dried; he says, in the smoke of juniper and yew. A candle made of the fat of the bear, the badger, and a 'little sucking child' having been put into the hand at the proper planetary time, treasure buried then would never be discovered by any but the true owner. Scott, however, was inaccurate. The proper recipe is to be found in "Les Secrets du Petit Albert." The hand (which had to be the right hand of a murderer hung in chains) was blanched in the sun with mystical ceremonies. The candle was composed mainly of the fat of a murderer scooped from under the wayside gibbet, the wick being made of the twisted hair of the criminal. The light of the horrible candle was alleged to have the effect of preventing those who saw it from moving or calling out, and he who held it could ranack with impunity.

P. C. Clardy, 219 Bryant St., Hopkinsville, says: "My kidneys caused me to suffer from dull pains across my back and loins. Often, I could hardly bend over, and it was just as difficult to straighten up. My kidneys acted irregular. I bought Doan's Kidney Pills at Cook's Drug Store and they soon rid me of the backaches, and fixed my kidneys up."

Better Banking Service for Farmers

The Federal Reserve Banking System, with combined resources of a thousand million dollars, has been established by Act of Congress to stand back of the farming and business interest of the country.

We are members of this system which enables us, better than ever before, to supply our farmers with the credit and currency they need for producing crops and to protect them against disorganized markets.

If you are not linked up with this system as one of our depositors come in and let us tell you how it helps you.

HEED THE WARNING

Many Hopkinsville People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatics twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

It's a busy day indeed in this French village, where many of the British forces on the western front are billeted, for the women of the town joyfully and willingly wash laundry clothes.
